

Reusable Stainless Steel Cable Ties

Fast, Easy Installation.

Thomas & Betts Reusable Ties are fast and easy to install. Simply pass free end of tie through buckle bridge, tension by hand or with a Thomas & Betts Tensioning Tool, bend over bridge, and secure into preformed ears.

Reusable Stainless Steel Cable Ties

Cable Tie Tensioner

Tensioning Hook

Tie-It Tool DAS250

These reusable cable ties are made from high-strength, corrosion-resistant 200/300 series stainless steel, coated with a non-toxic, halogen-free, low-smoke Nylon 11.

The unique buckle design provides quick, easy application and can just as easily be unfastened for reuse. The

weather-resistant Nylon 11 coating is unaffected by UV, extremely flexible at low temperatures and protects the cables from damage or interference due to direct contact with the stainless steel. The coated product is also user-friendly on the installer's hands.

For Cable Bundling in Harsh Environments

Reusable Stainless Steel Cable Ties—Coated
