

INTRODUCING THE NEW MICRO-ID-KIT

This kit has been created to help contractors and installers to easily have access to the Identifications Markers required to properly and quickly ID the installed meter sockets. These markers are clipped to the upper lip of the enclosure and provide permanent customer identification.

The *MICRO-ID-KIT* comes in an easy to carry blue metal carrying case with the following list of markers:

10 of No. A thru D
10 of No. 0 thru 9
10 of No. SERVICE

4 - CM-BS100 Jumper Bar 200 Amp max.

10 - LS 500 Meter Jaw Safety Shroud

SPECIAL INTRODUCTORY PRICE

\$ 139.99/ ea. Trade

We are sure that this offering will be well accepted in the Metering sectors.

Actual Resale Value
\$ 240.00 w/Case
